

Free Digital Safeguarding Until 30th November 2024

Dear Parent/Carer,

You have probably seen a lot in the news and media about the risks of smartphones and social media.

Here is our chance to act and keep our children safe online.

You now have FREE access to SchoolsMobile until the end of November 2024.

- Stops phishing, hacking and online threats.
- Blocks bad content like pornography, gambling, piracy, and dating.
- Blocks or limits access to certain applications (such as social media) so that children access right stuff is accessed at the right time.
- Works on **smartphones, tablets, and laptops** on any connection.
- **Takes 90-seconds to install** and needs no technical knowledge.

You will soon receive an activation link from SchoolsMobile. To get started, simply click on the link and follow the instructions.

Please click [here](#) for more information and installation guides.

The SchoolsMobile team are available to help and can be reached at **0333 242 3163** or at info@schoolsmobile.com

We hope all parents take up the offer over the next six months, as we see this as a really important step in helping create safe and healthy online behaviour for our children.

Note:

If you do not want to participate in this initiative or have your email address shared with SchoolsMobile, please email us at office@groveroad.hounslow.sch.uk informing us of your decision to opt out by the 10th June.

Yours Sincerely,

Mrs G. Beckford

Acting Headteacher
